Directions Airport to Anaconda Mine Overlook.pdf

See Google Map overview directions attached to the email.

1. From the airport, get onto 580 N for about 2 miles.
2. Stay right and take Exit 68A to merge onto 80 E towards Sparks/Elko
3. After 17 miles, take Exit 32 for USA Parkway
4. After 19 miles, turn left at the roundabout to head east on US 50
5. After 2.6 miles, turn right onto US-95 ALT South.
6. After 30 miles, turn right onto Burch Drive
7. After 1.8 miles, turn left at the stop sign (Austin Street)
8. The mine overlook will be immediately on your left.

As you drop down into the Mason Valley (10 mi north of Yerington) on US 95 ALT, you will cross a set of train tracks with a ramshackle green building on the right. The road straightens out and after 9.5 miles, take a right on the Burch Drive access road to Weed Heights and the mine. Burch Drive is the next right, 2 miles south of Luzier Lane where you see the last set of onion fields at the base of and just north the Anaconda Sulfide Tailings.

After turning right onto Burch Drive, travel 1 mile to the main gate (site access for the mine tour); or 1.8 miles up to Austin Street and the overlook.

Turn left at the stop sign at Austin Street and travel 400 feet and take a left into the parking lot for the pit lake mine overlook where the event will take place.

The building you see is the old Weed Heights Post Office, now the main office for ARC contractors working on mine site O&M.
